FDA Listing of Authorized Generics as of October 5, 2026

Note:
This list of authorized generic drugs (AGs) was created from a manual review of FDA's database of annual reports submitted to the FDA since January 1, 1999 by sponsors of new drug applications (NDAs). Because the annual reports seldom indicate the date an AG initially entered the market, the column headed "Date Authorized Generic Entered Market" reflects the period covered by the annual report in which the AG was first reported. Subsequent marketing dates by the same firm or other firms are not included in this listing. As noted, in many cases FDA does not have information on whether the AG is still marketed and, if not still marketed, the date marketing ceased. Although attempts have been made to ensure that this list is as accurate as possible, given the volume of data reviewed and the possibility of database limitations or errors, users of this list are cautioned to independently verify the information on the list. We welcome comments on and suggested changes (e.g., additions and deletions) to the list, but the list may include only information that is included in an annual report. Please send suggested changes to the list, along with any supporting documentation to: ***AuthorizedGenerics@FDA.HHS.GOV***

A B C D E F G H I J K L M N O P Q R S T U V X Y Z

	Proprietary Name	Dosage Form	Strength	NDA Applicant Name	Date Authorized Generic Entered the Market
1	ABSORICA	Capsules	40 mg	Sun Pharmaceutical Industries, Inc.	12/2020
2	ABSORICA	Capsules	35 mg	Sun Pharmaceutical Industries, Inc.	12/2020
